

Dear PhD students fellow,  
Is science your path, but you're not sure how to pursue it after graduation? Come and join us at the **3rd Summer Academy!**

We offer exactly what you are looking for in the wonderful setting of the Convent of Heiligkreuztal in the Swabian Alps!

**Three days of hot science with top speakers** from all around Europe and beyond! Share your research with them and get in contact with other graduate students!

Prof. Dr. Annelie Carlsbecker	Uppsala University	Genetic Control of Arabidopsis Root Vascular Development
Prof. Dr. Heribert Hirt	King Abdullah University of Science and Technology	Stress Response and Signal Transduction of Plants
Prof. Dr. Matthieu Joosten	Wageningen University	Plant Resistance and Plant Pathogen Interaction
Prof. Dr. Ottoline Leyser	The Sainsbury Laboratory - Cambridge	Plant Defence Signal Transduction and Protein Phosphorylation
Dr. Frank Menke, Head of Proteomics	The Sainsbury Laboratory - Norwich	Plant Defence Signal Transduction and Protein Phosphorylation
Prof. Dr. Rüdiger Simon	Düsseldorf University	Plant Stem Cell Signalling, Organ Initiation and Pattern Formation
Prof. Dr. Gordon Simpson	University of Dundee	Processing the Transcriptome and Epitranscriptome in Plants
Prof Dr. Howard Thomas	Aberystwyth University	Cellular and Biochemical Mechanisms of Plant Senescence and Death

Would you like to get an idea about **career opportunities** outside from Academia? Come and meet representatives of small companies, start-ups and publishing groups, who will share their experiences outside the academic world.

Bundesforschungsanstalt – J. H. von Thünen-Institut	Dr. Pascal Eusemann	Ecological Genetics of Forests
